Reading Comprehension: (20 Marks)

Q1. A/ Read this text carefully then answer (5) of the questions that follow.

(10 M.)

The computer is one of the most important inventions of the modern world. Computers were huge and very expensive so no one could buy them. Now they are much smaller and there is a computer in almost every house. The strange thing about computers is that they are developing all the time. Computers help doctors to know the diseases in order to decide the best medicine. They also help scientists to solve complicated problems. Pilots use computers to help them know their directions. Teachers also use them to make lessons interesting. Students can use computers to find the information they need. However, most young people use them for playing games.

1. How do computers help doctors?
2. How were computers in the past different from computers now?
3. How do computers help scientists?
4. Pilots use computers to know directions. (True / False)
5. Computers are developing all the time. (True / False)
